OUTRIGGER PADS

If a proper cost benefit analysis is completed, the lifetime pad that DICA produces is a no brainer.

CLEATS
Available on all
SafetyTech
Outrigger Pads

ENGINEERED

Positioned downward, the serrated cleat grips for improved traction. When positioned upward, it provides a stabilizer foot guard.

+

BULLETPROOF

Drop them, drag them, submerge them in water, use them in freezing temps or searing heat. They're unstoppable.

+

STRONG

Exceptional yield resistance and load transfer delivers guaranteed unbreakable strength that will never let you down.

=

PROVEN SAFETY

Cleat kits provide the proven strength, reliability and safety tree care and electric utility operators trust every day.

Cleat Kit Installation Options:

- 1 Cleats and hardware shipped to you for self installation
- 2 Installed by our manufacturing team on pads of your choice
