

**Maintenance Free** - Wood must be regularly maintained or it falls apart quickly. The TrainSmart Pole Barrier System is a 100% maintenance free engineered pole barrier system that will not fade, splinter or degrade in any way.

**Easy to Use** - TrainSmart Pole Barriers and bases easily separate allowing for hassle free transport, setup, breakdown and storage.

**Super Strong** - Able to withstand the normal wear and tear pole barriers are exposed to on a daily basis. TrainSmart Pole Barriers won't break, crack, chip or splinter.

**Lightweight** - TrainSmart Pole Barriers are constructed of a high strength engineered thermoplastic material. This material is significantly lighter than wood, making it a safer option to carry and set.

**NCCCO Approved** - TrainSmart was developed in conjunction with NCCCO to provide a maintenance free, easy to use and durable pole barrier solution. It is fully approved and endorsed for use by NCCCO.

## SPECIFICATIONS

<b>MODEL</b>	TP-1000	<b>POLE (Height)</b>	36" from top of pole to ground (when inserted into the base)
<b>WEIGHT</b>	6.3 LBS	<b>RED SECTION (Height)</b>	12"
<b>BASE (W x L x H)</b>	12" X 12" X 1 1/2"	<b>STRING</b>	#18 Nylon String
<b>BASE HOLE (Radius)</b>	1 15/16"	<b>TENNIS BALL</b>	ITF Regulation
