

Seriously, even the handles are unbreakable!

Jeff Spinelli
JLS Services

Patented

All SafetyTech Outrigger Pads with TuffGrip handles are patented in the United States and Canada.*

Engineered

TuffGrip handles are unbreakable, comfortable and completely waterproof in addition to being UV, hydraulic fluid and road chemical resistant.

Compact

The firmness, shape and length of TuffGrip handles significantly reduces the risk of tripping or entanglement.

Rigidity

Handles maintain their rigidity preventing pinched or crushed hands.

Guaranteed

If you break it, we'll replace it. Guaranteed.

Ergonomics

The compact length of every TuffGrip handle encourages proper lifting. Recessed handles on all Heavy and Super Duty pads also provide lifting points for rigging.

HI-VIZ Orange

Safety orange provides a visual reminder to use caution.

*US Patent 9,550,657; 9,254,821 & 8,814,121; US Design Patent D686,794; Canadian Patent 2,821,073 & 2,860,490.

Upgrade Kits

Have existing rope handle pads? Easily upgrade to TuffGrip handles. 0.5" and 0.625" upgrade kits come with step-by-step instructions, handles, drill bits and fasteners.

PART #	COLOR	PAD THICKNESS	HANDLE DIAMETER	PRICE
TuffGrip® Upgrade Kit				
TG75	HI-VIZ ORANGE	0.75"	0.5"	\$5.00
