

# CAPABILITY STATEMENT

## About Us

In 1988, Dick and Carolyn Koberg founded DICA using the first two letters from each of their names.

The company delivered its first self-engineered outrigger pad in 1988 and has continued to lead the way in outrigger pad product innovation.

Today, our Made in the USA product line is used in 50+ countries and on 7 continents and includes Outrigger and Crane Pads, Cribbing & Blocking, Ground Protection & Access Mats, Magnetic Sling Protectors and a host of accessory items.

## Past Performance

DICA has completed on-time projects for the following organizations:
