

FiberMax Crane Pads

DICA's FiberMax Crane Pads are unaffected by fluids, chemicals or UV and will not rust, rot or degrade in extreme environments. These crane pads weigh nearly 60% less than steel pads and still provide similar strength and stiffness characteristics.

Made from Fiber Reinforced Polymer (FRP), the weight reduction with FiberMax Crane Pads have been proven to significantly reduce transportation costs, setup and teardown times. Patented design maximizes load distribution.

KEY FEATURES

- ▶ Up to 1,000 PSI crush ratings and 400,000 lbs. rated capacities.
- ▶ Patented design can support and stabilize mobile cranes up to 500 tons.
- ▶ FiberMax Crane Pads are non absorbent and easy to clean.
- ▶ 20+ year service life.
- ▶ Made in the USA and comes with a full money back guarantee.
